Songs to Fame

Why have

You say things that I am not

Come read know

What I really am

And I insist

Because you say things that are not

am

If I'm not alone

If not I'm going to ask you for anything

I shout back to you

I am not

What you think I am not

Because I do not like

The bad reputation

It causes me dreams and pain

So I ask

Why are you messing with me?
sex

Why do you judge my body

Why don't you let me
work

Because you say things that are not
am

Why am I writing to you?

For whom I give my love

How many times do I receive you

Then damn mouth
trash

I'm not starving

I'm not a kept

And I work more than
a slave

And help you more than
necessary

You see you see

So if you say what not
am

I go crazy

I get sad

And I think of evil

It's never too late to ask for
forgiveness

Forgive me my misery

Things as they are.

Because if you knew the

TRUE

Surely you wouldn't criticize me

further

know it

Now

Do you still want to say what I

am not?

When the Moon wanes

The moon wanes

It becomes a couch

many want to go

Let's see the water

since now

Dazzled tide

of the nights

Do not leave me alone

that costs expensive

go there

and wake up

It doesn't matter anyway

lasts a short time

Life here has ceased

And it will be well seen

Who has made the trip

With a bold return

Give me your hand moon

What do I want to confess?

that today I am alone

let me lie down

Ebb

Until the tide

has already passed

And if he's busy

It's because here

someone in the world

Will join me

waning moon

I lie down to see you

Like on a couch

Far from the waves

What do people give me?

That sometime

In your arms

You wanted to cradle

Fear that takes away from me

Come out with flying colors

Of guilt

when you are full

You will light my path.

And that's the simplicity

Of hands that rock
cribs

Where love is written

In the wind

that leads to the soul

waning moon

To live in peace

And if someone cries alone

It is that a has been lost
love

That together they were dazzled

To see her beautiful

Get out of the sea.

And if they are seen in distances

It is sea green water color

And they will decrease in the same

place.

But take your hands off

Of my hair.

And just in case

You can illuminate his gaze

Just so you can see

that I still love her

When the moon wanes.

The Garden (lyrics)

Hanging colored stars

A request that turns the tables
land

Everything revolves around us

Happy Three Kings and Santa Claus

A magic world

With kittens to be friends

With dogs that take care
of us

And the protection of our parents

welcome to the garden

To the garden to play

welcome to the garden

Everyone to invent

And we will make butterflies

and colorful flowers

And we will paint rainbows

At sea

welcome to the garden

To the garden to play

welcome to the garden

Everyone to invent

The idea of blue sky

We will be friends forever

This is our world

We will play with bugs

We will climb mountains

And we will work big

With happiness

welcome to the garden

To the garden to play

welcome to the garden

Everyone to invent

And we will always look for the

love

On the horizon of love

and we will forgive

To start again

In a sweet world

And tender

Accompany me

That star is ours

love

With the perfume of

freedom.

welcome to the garden

To the garden to play

welcome to the garden

Everyone to invent

The middle ages

The way

Of my beautiful childhood

From my healthy childhood

So living happily

so that God

receive us better

And eternity us

will remember.

welcome to the garden

To the garden to play

welcome to the garden

Everyone to invent

The world is Ours

and we are going to do

A better place

welcome to the garden

To the garden to play

welcome to the garden

Everyone to invent

And the stars will always

spin.

I already have another love

From so much desire

I don't want your love

So that

If it ends badly

and it breaks me

The heart

If you make me ignored

half asleep

and enduring

your whims

I don't want your love

You don't know how to value

The effort of

Do it all for you

If you have cheated on me

And again

and lose my mind

I don't want your love

It disillusions me

It is a fictional invention

Your love hurts me

It takes away my joy

takes away my freedom

takes away my friends

It bothers me

I don't want your love

So that

If it's fake

manipulates me

and cheats

I don't like

Your love

Without reason

Wishing unhappiness

With all your lies

It's wasting time

I don't want safe sex anymore

I prefer that you forget me

and this song

It's not for you

Is for me

who doesn't hate you

But what am I going to do?

I won't be left alone

But don't love me

rots me

I waste time

Fight over nonsense

It breaks me inside

you invent me

you travel me

you worry me

you make me sad

Thank you for your compliments

But I don't want your love anymore

Go away with the bastard

That's the one about betrayal

I don't want your love

I hate your love

Your love is heavy

False everything that ends

Evil

love sickness

don't rescue me

I don't want your love.

when you had to be

You went

It is not to forgive

Your love disgraces me

And now

What is fashion

To spit into the heart

I do not want

Do not love me

Do not come back

It was all your game

A bad dream

Not at all trust

And on top of that I feel guilty

Millionaire

If you want to be a millionaire

What happens

So a new world

will

with our hearts

Beating to the rhythm of love

Something happens between the two

May it be until the end

Let armies pass

Let businesses pass

A great city for you

So on a desert island

We listen to this song

With a pina colada and in the sun

Nothing new just seeing the sea

Let the millionaire pass

Cocktail maker in the

pubs

And save our lives

What if life is not
any

Well, let me become
a millionaire.

I give away all my chimeras

And may I become a millionaire

let it happen to me

let it happen to me

Millionaire

So I asked

May you become a millionaire.

If millions pass

everything happens

Whatever you want

I'll get it

Nearby where there is

Cars and shates

Planes

Of flights here and there

They won't chase us

They won't hit us, they won't
threaten us anymore.

The powerful bar here screams

Long live the new millionaire

And for the bartender

Serve another round.

Compadron friend.

I pray to you

I pray to you

to all the saints

To love is to lift the

self-esteem of the other.

Ballad

I'm talking to you from here

Maybe I can win

The other can be

You will understand me well

The love that I give you

Day to day

and in the clouds

I post my photos

And memories

And I wait for you smiling

And I think how you will pass

Do you know who I am

Open the window

There is air

and the magic

It doesn't let me see you

I'm going without rushing

But I missed a thousand flights

I'm going without rushing

How hot the sun

while you wait

your desires

Great we are like this

another topic will pass

and I feel jealous

The whole adventure will be reborn

From those times

How did I send you flowers?

On a day like today.

We meet where

always

with your friends

Those nice memories.

I play for you from here

I know that I can

Send this song to the air

Because you are in summer

Damn Covid how sad

winter.

The Empress

kingdom of love

Kingdom of the people

A different kingdom

She is an Empress

will come looking for you

An Empress

The temple kingdom

Quite a monument

Watch them dance

Taj Mahal

This is dance

Move

This is how the king dances

This is how the queen dances

Taj Mahal

This is how we all dance

kingdom of love

Kingdom of the people

A different kingdom

All cute

All cute

all party

All friends

your wonderful life

All paint

All in style

Everything pipi cucu

your wonderful life

All love

all sex

All altitude

your wonderful life

All beach

all sea

All hills

Your wonderful life.

And you climb higher

You fly on delta wings

Everything went well for you

your wonderful life

Don't miss me

we need your honor

Honor the emotion

Long live the party

Long live my class

Long live that wonderful

world

The closed doors

They say prestige

There's no doubt how mischievous they are

Live your life

you sky

And our Sun.

God

God is the good angel

It is the fruit it is the flower

A sun that will rise

Your star visit

God is the cradle

The tenderness of a mother

God is beauty

Where we talk about love

I will remove the thorns

That don't stop bleeding

Put on a new world

What the universe will say

Yes it's true

God was here

Dying died

For us sinners

Let us follow the ideal of Christ

And everything will be reborn

At the right hand of the father

The Sun will illuminate.

Hail Mary and creed

you will be you will be

For the people

For people who are hungry

For the people who depend on
another life

For those people that we see
passing by, wandering alone
and gloomy

It seems to me that they are waiting for
something
Something that changes their lives
And it's hard for me to give them
something
Something so that your life
is not destroyed

Some call them lines
Others call them drunks
And they are all dirty
Because there are no bathrooms in
the dump trucks

They say they don't work

They say they are sick

And if they don't ask you, they steal from you

Let's finish this one
society

And I pray my grief ends

Why, if you don't have bread, you're out
on a limb

The hope is that someone will
help.

To end hunger and its scourge

To walk as brothers

And enter the towns calmly

Let's end the misery

Not even a cat suffers so much from a

dog

Let's not make a mistake

That dying in the street is

serious matter

And when it's goodbye

Let it not be for one of
they

We must give them work in
society

Do it for your children and your
grandparents

And the drums are prepared

And the shotguns are prepared

And foreigners don't know

Who makes the collection
impossible

People are nature

They swore the flag

But you have to eat

Something happens

That I don't understand

government.

The mysteries of my love

for you

I look at your eyes more and more

sincere

And every day there are more nights

without jealousy

Trust and hugging are worth

more

Your whole body without fear when

vibrating

Than waste time looking for
dragons
In the dark.

I watch your walk more and more
oh really
And every day I feel more like you
buddy
Trust and kissing are worth
more
Your whole body without fear when
vibrating

Than waste time looking

for dragons

In the dark.

I bring your voice to the sound of

darling

And so the sun only does

silence

Freedom and trust are

worth more

Your whole body without fear

just loving you

What a waste of time

Searching for sensations in

another place

The mysteries of my love

for you.

nice water

Nice water to drink

Beautiful water to dream

Beautiful water to live in

This is Love

That beautiful water that lives in you

That beautiful water that I drink in you

Oh la la la

Fresh water

like the sea

Beautiful water that brings a kiss

Clean water that you left in me

pure love

They are those beautiful kisses that you leave on
my

They are those nights full of stars

What do we hide on the beach?

Oh la la la

and you close

from my chest

Fresh air

I feel in my ear

your breathing

like a sea wave

in that sea

in that sea

We fall in love

In that sea we loved each other

If you wear my shirt

Oceanfront

Don't forget that the river

You will never find out

in that sea

We fall in love

In that sea we loved each other

Maybe a love story

Maybe a happy summer

Maybe the wind is very intense

What number of our bodies

in that sea

We fall in love

In that sea we loved each other

in that sea

We fall in love

In that sea we loved each other

In that week we forgot

in that sea

We fall in love

In that sea we loved each other

pure coincidence

It was pure coincidence

Dancing with you

But it was no coincidence

What has conquered you

And there goes the passion

What comes together from the heart

Where do you want to be?

That landscape that gave us

Enjoy and lots of love

It was pure coincidence

that you will take me on your motorcycle

It was pure coincidence

We went up to see if there was room

And there goes the passion

What comes together from the heart

Where do you want to be?

That landscape that gave us

Enjoy and lots of love

And that was our meeting

Meeting in the middle of the hill

We forget about the boyfriends

And so the story began

And there goes the passion

What comes together from the heart

Where do you want to be?

That landscape that gave us

Enjoy and lots of love

I'm going to hide you

Telephone numbers

Say they are missed calls

When we had to take off

And there goes the passion

What comes together from the heart

Where do you want to be?

That landscape that gave us

Enjoy and lots of love

And there goes the passion

What comes together from the heart

Where do you want to be?

That landscape that gave us

Enjoy and lots of love

That's how it started

That's how it started

Giving you kisses

Healing your tears

Taking you out of loneliness

That's how it started

Nobody said anything

so we left

On an announced ride

That's why you woke up

That Angel that is in you

And so it was that even heaven heard

The pleasure of laughing until today

That's how it started

What a nice memory

Needy souvenir

The memory that dances rumba

In my heart.

lead me

Release my steps towards you

Today I want to go out

Today I want to find

What I need most

And then that night

We tell a song

We got drunk

And you ended up freeing yourself

a little more friendship

Not just friendship

Tonight it's done

Leading me with your hands

And then that night

We tell a song

We got drunk

And you ended up freeing yourself

And so you move me from here to there

And so you have found a happiness

So fidelity tonight

holding my hand

set me free

And then that night

We tell a song

We got drunk

And you ended up freeing yourself

A little eager to play the game

On this hot night

If your boyfriend took the bus

Tell me however you want

And then that night

We tell a song

We got drunk

And you ended up freeing yourself

And then that night

We tell a song

We got drunk

And you ended up freeing yourself

Beautiful eyes

The day when I saw you

I left my eyes

Nailed in you

as if wanting

Something

I wanted to explain to you

So I spoke to you

You too

you looked into my eyes

Oh what beautiful eyes

Oh what beautiful eyes you have

And there I was encouraged

A little more

I asked for

If I was alone

and you answered

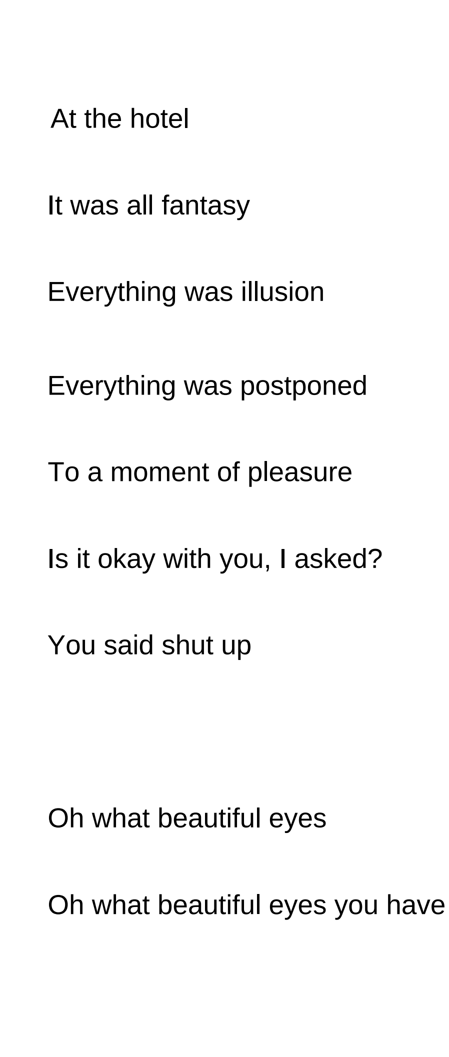

It does not matter

then you told me

Because

Oh what beautiful eyes

Oh what beautiful eyes you have

At the hotel

It was all fantasy

Everything was illusion

Everything was postponed

To a moment of pleasure

Is it okay with you, I asked?

You said shut up

Oh what beautiful eyes

Oh what beautiful eyes you have

Without caravan lights

Lights in your soul

Come come

It's getting good

Come come

How sweet your hair is always

I came to live

I came to hug

I came

To tell you

How much I love you

A truth

perhaps forgotten

in your sweets

Caresses and kisses

Come come

it's getting late

Come come

It's getting good

Come come

How sweet your hair is always.

Silence

While it passes

That time

of silence

While it passes

That time

That time

That is why there is

Silence

While it passes

That time

of silence

While it passes

letting go

Time

Silent

It is concentrated juice

While it passes

That time

of silence

While it passes

Give me that silence

with a sigh

so that you know

I'm worth going

While it passes

That time

of silence

While it passes

to that silence

that cannot be forgotten

like a sheet

White my ears

a document

unsigned

This is the silence

With your soft breath

While it passes

That time

of silence

While it passes

That silence.

That's how it is worth

So

life is worth more

worth your heart

This profession is worth it

OK OK

Your smile

The one that announces

The kisses

Unforgettable

And like all life

I approach dancing

I give you a smile

And the ear tells you

I will give you

More than a thousand kisses

You know

that in little

to know each other

we know each other better

Your smile is worth it

that only knows

The moment

There is

How delicious to fall in love

There is

How delicious to fall in love

They are songs that can easily alternate chords like Lam. My. F on guitar or guitar group or whatever you want to do.

Sol (Reggaetón – Cumbia Lyrics)

Sun

let it come back

Sun

In the mornings

Come

The oosi sun

Ooo yes ooosi

Sun

Says

Ooo yes oooyes yes

let it shine

if someday

you need

something from me

come to my house

come to my house

come to my house

if someday

you got sick

to my house

come to my house

come to my house

if someday

you do not have

where to live

to my house

come to my house

come to my house

if someday

do you love me

to my house

come to my house

come to my house

if you stay awake

at night

to my house

come to my house

come to my house

If you need help

and understanding

to my house

come to my house

come to my house

if someday

the being and the hunger

they hit you

to my house

come to my house

come to my house

if someday

simply

you have no protection

to my house

come to my house

come to my house

if someday

you are misunderstood

to my house

come to my house

come to my house

if someday

you need peace

to my house

come to my house

come to my house

think that

i love you

think

what can i do

pass

and the best

what can i do

You can pass

is that you are

near

from my

loving you

I know that

maybe

you have it all

thanks for

your friendship

and warmth of today

and never forget

to my house

Sun

all your soul

I send you

an oosi sun

Ooo yes ooosi

Sun

Says

Ooo yes oooyes yes

let it rise

Sun

Hot

My hands

Our bodies

For the oosi guitar

Ooo yes ooosi

Sun

Says

Ooo yes oooyes yes

sun sun sun

In all

Sides

The sun shines

oosi divine light

Ooo yes ooosi

Sun

Says

Ooo yes oooyes yes

sun sun sun

Love me

In the sun sun sun

Clear

oosi blue sky

Ooo yes ooosi

Sun

Says

Ooo yes oooyes yes

that the sun

We taste

how hot

our kisses

because in the sun

Ooo yes ooosi

Sun

Says

Ooo yes oooyes yes

Life

It's light

It's heat

Sunlight

Continue

The feeling

Ooo yes ooosi

Sun

Says

Ooo yes oooyes yes

Life

It's light

It's heat

Sunlight

Continue

The feeling

Ooo yes ooosi

Sun

Says

Ooo yes oooyes yes

Love and love and love

We enter together

To hotel

and naked

In bed

We give each other

Love and love and love

Or if

We give each other

Love and love and love

Or if

We are going through

this sweat

gentle pleasure

Pleasure yes?

Pleasure ok?

We give each other

Love and love and love

Or if

We give each other

Love and love and love

Or if

We feel life

A luxurious one

Our bodies

They celebrate with pleasure

Yes for pleasure

Yes for pleasure

We give each other

Love and love and love

Or if

We give each other

Love and love and love

Or if

And then

We slept

Hugging

with each other

We give each other

Love and love and love

Or if

We give each other

Love and love and love

Or if?

Without counting time

We sail

Kissing us whole

we do it well

We give each other

Love and love and love

Or if

We give each other

Love and love and love

Or if

your miserable life

Just one song

I just wanted to

A song

so that you know

The world

That I love it

Just one song

A song

What I love

And then

I see pass

A trade

for my head

To get to

Just one song

A song

What I love

I still have

The illusion

I knew how to know

that is not easy

It is ugly not to feel

Darling

Just one song

A song

What I love

And at a slow pace

The heart hurts

of these things

What did he want

For my friends

Just one song

A song

What I love

But I'm moving away

From the business of the heart

I was born to be

What I tried

And it couldn't be

Just one song

A song

What I love

Differences

I only see differences

of my hard work

to tune up

Of your false perception

of my talents

Just one song

A song

What I love

How would it go

Hatred

If there is access

to hearts

Nobles

But case closed

You wouldn't understand

In all your misery

Life

Just one song

A song

What I love

The song is

two dreams

that come together

two dreams

Opposites

it will happen

it will happen

But

Latest

will remain

Two polarities

one who can

one who waits

They seem to agree

It's a machine

And flesh and blood

it will happen

it will happen

But

Latest

will remain

Everyone gives life

life gets stupid

Luck

Vibes wanting luck

But it costs them

Accept yourself

it will happen

it will happen

But

Latest

will remain

everyone has their song

everyone has time

one with coins

No coins

with bills

No tickets

it will happen

it will happen

But

Latest

will remain

They bother

They love each other

They know each other

They leave

A relationship that costs

it will happen

it will happen

But

Latest

will remain

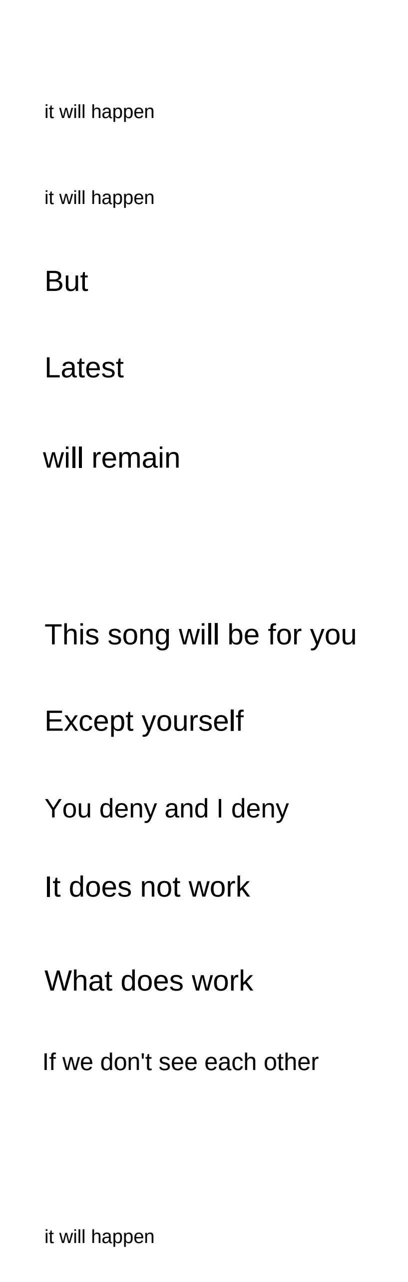

One wants

Exactly what

That the other cannot

Or can

They help each other

it will happen

it will happen

But

Latest

will remain

This song will be for you

Except yourself

You deny and I deny

It does not work

What does work

If we don't see each other

it will happen

it will happen

But

Latest

will remain

everything is unreal

Like love

Lasts few time

We changed

and we believe

That's not going to happen

it will happen

it will happen

But

Latest

will remain

and both

With so much pain

Not to compose

a sexy

Song

For both

It would be divine

it will happen

it will happen

But

Latest

will remain

it will happen

it will happen

But

Latest

will remain

that your name

It is written here

But it exists for something

The dignity

it will happen

it will happen

But

Latest

will remain

it will happen

it will happen

But

Latest

will remain

Keys

I don't want keys

I want to go out

No keys

I can not wait more

Anchored

In this stupid place

I'm going out

and not come back

To find out the value

Of freedom

I don't want keys

I want to go out

No keys

And step by step

I will demonstrate

To the world

May your life

She's wrong

I don't want keys

I want to go out

No keys

I will have to take

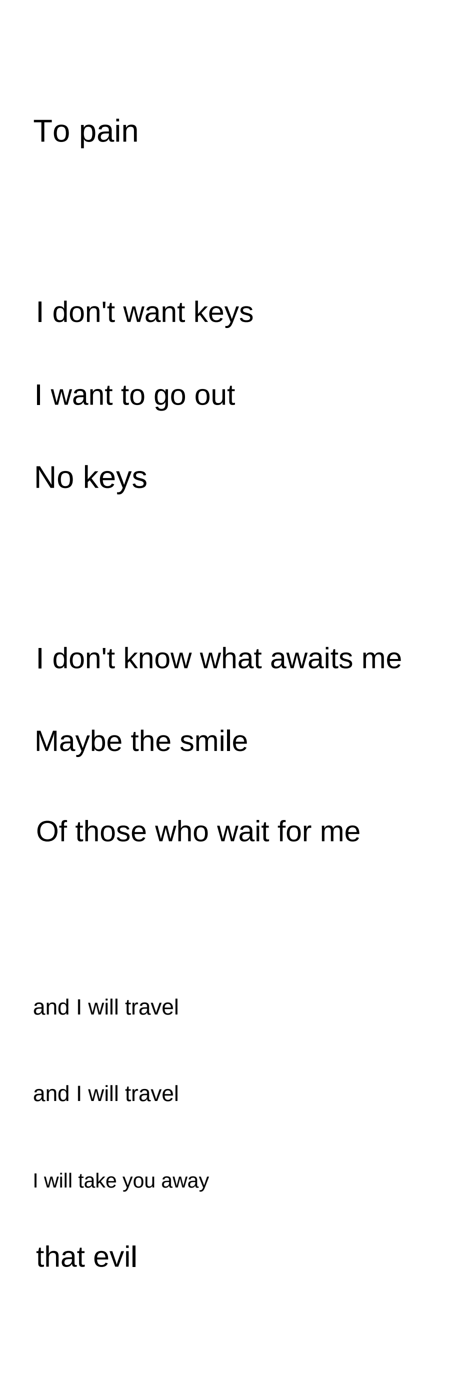

Worth

On a trip

To never return

to misery

to punishment

To pain

I don't want keys

I want to go out

No keys

I don't know what awaits me

Maybe the smile

Of those who wait for me

and I will travel

and I will travel

I will take you away

that evil

Maybe a light

I don't want keys

I want to go out

No keys

I will be far away

They will remain repentant

The jailers

Of nothing

I don't want keys

I want to go out

No keys

of the stupid

Society

that hurts me

Stomach

I don't want keys

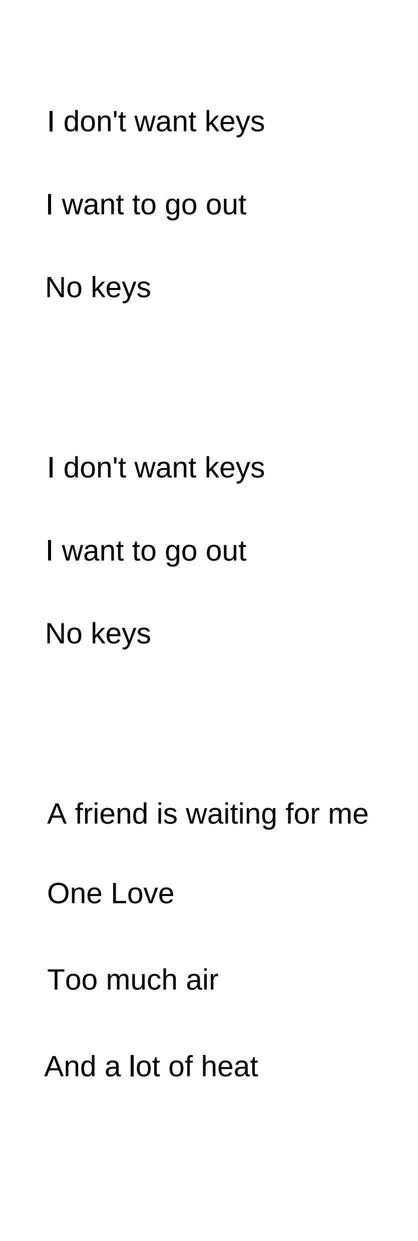

I want to go out

No keys

What is your time worth?

I don't want keys

I want to go out

No keys

spring princesses

Love

That

Wait

Your beauty

Your hair

To the wind

That love

Of spring

Look colorful

Dance dance

It's that

Love

That

Wait

Your beauty

Your hair

To the wind

That love

Between the people

Your beauty

Your hair

To the wind

That love

Lights are born

To the wind

That love

Princess

Of spring

I have a love

That itches me on the tile

I have a bar

That waits

a new light

Until you get

The fisherman's van

I spend my time

ringing

on the tile

Gladly

and with enthusiasm

I spend my time

ringing

on the tile

All

The day is song

place like

Every place

That itches me

On the coast

since now
dreams come
that in summer term
like the heat
I beat your heart

I spend my time
ringing
on the tile
Gladly
and with enthusiasm
I spend my time
ringing
on the tile

All

The day is song

Summer stings me

Will they be the masters?

while my heart

It recovers

Of a bad ringing

That dancing didn't let me

I spend my time

ringing

on the tile

Gladly

and with enthusiasm

I spend my time

ringing

on the tile

All

The day is song

But now I dance

dream conquered

a thousand pardons

with joys

Fighting I go

I spend my time

ringing

on the tile

Gladly

and with enthusiasm

I spend my time

ringing

on the tile

All

The day is song

That's how it rings to me

in loves

That's how they ring me

The hope

That's how they ring me

My friends

Come on

Everyone to reicar

This song

What he brings

good for the spirit

of the good dreamer

who respects you the same

milonga

Envy

Your envy makes me sick

Bad bad for you

understand my ideas

Find out that I suffer

me all the time

doing good

And you bad bad bad

Your envy makes me sick

Bad bad for you

you would envy

To yourself?

No matter where it happens

Also

Envy

Bad bad bad

then to you

I lend you

What you sent me

Your envy makes me sick

Bad bad for you

Your envy makes me sick

Bad bad for you

and load

and load

With everything

The effort

and you will get paid

What supposedly

I have owed you

You wanted gold okay?

I gave you gold okay?

Now

Your envy makes me sick

Bad bad for you

And where is your good?

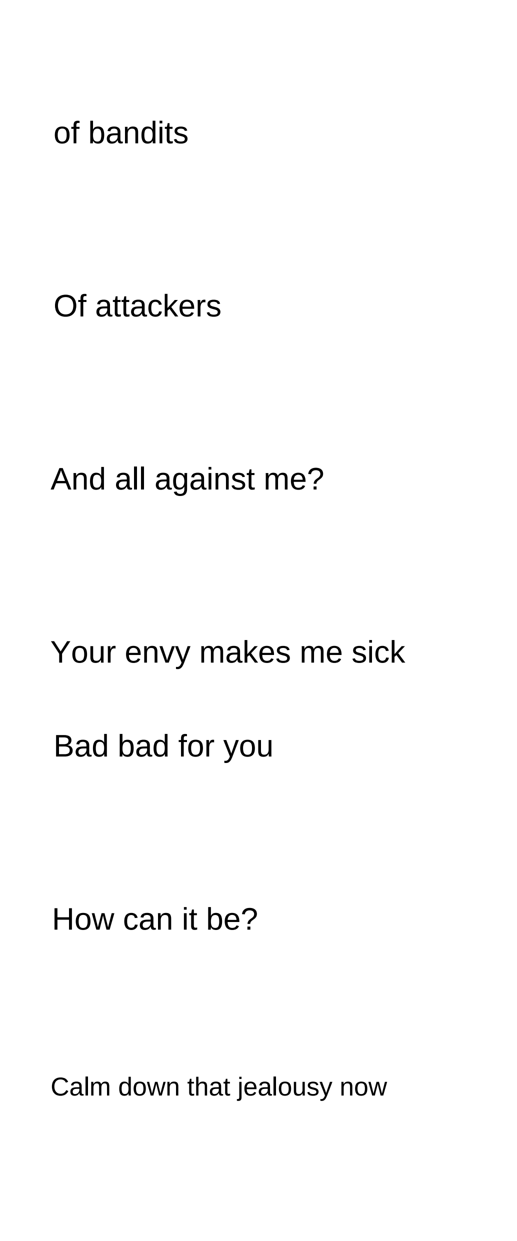

For me?

Your envy makes me sick

Bad bad for you

You will know

of fools

of bandits

Of attackers

And all against me?

Your envy makes me sick

Bad bad for you

How can it be?

Calm down that jealousy now

And in the backpack

Burden

What they have wished for me

You must change

Or we will continue to be

Your envy makes me sick

Bad bad for you

Jealousy and jealousy and more jealousy

For me?

You have mistaken

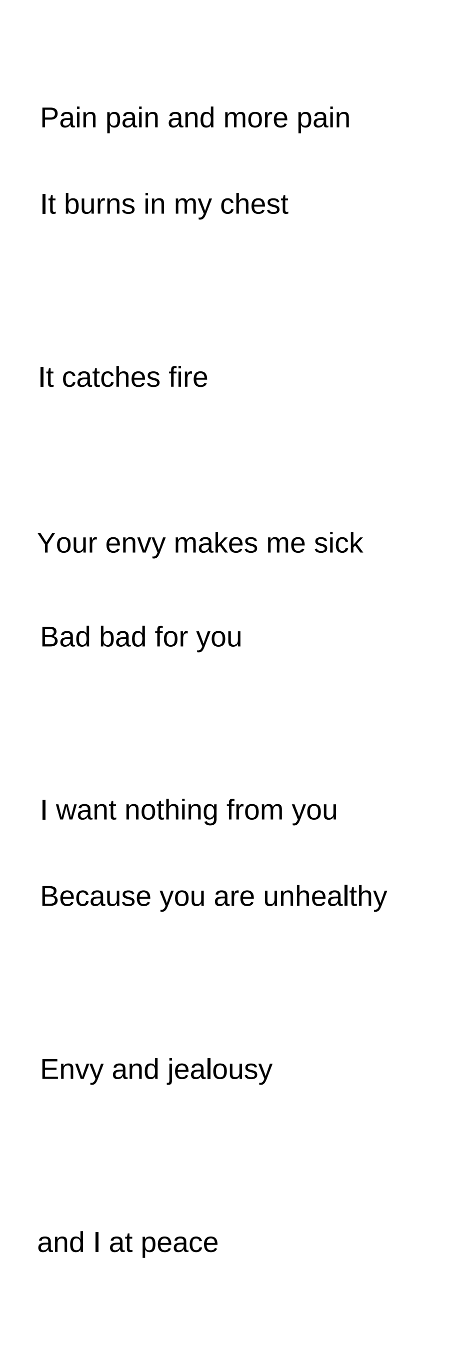

Do you realize now?

Do you carry the pain?

What did I suffer for you?

Your envy makes me sick

Bad bad for you

Pain pain and more pain

It burns in my chest

It catches fire

Your envy makes me sick

Bad bad for you

I want nothing from you

Because you are unhealthy

Envy and jealousy

and I at peace

In love in love in love

And you

Your envy makes me sick

Bad bad for you

I just wait

good friends

And you

Annoyance does not change

Because

Your envy makes me sick

Bad bad for you

I give you the power

and the weight

Of

Your

Jealousy

Your envy makes me sick

Bad bad for you

Now that we know

What's between us

free yourself from me

and take away

Your envy

Your jealousy

and my discomfort

of your crime

To try

Kill

to a poet

Me in love in love in love okay,?

You don't know

You don't know

I don't know

Your envy makes me sick

Bad bad for you

song for "Truna"

friends

It seems that I forgot you

But it's a mistake

Because I remember you

In a dark world

Dark-haired

For both

How to forget love

Impossible to forget

The love that you gave me

In a dark world

Dark-haired

For both

Many years ago

Scaffolding some roads

And now you see I need you

In a dark world

Dark-haired

For both

How to forget love

Impossible to forget

The love that you gave me

In a dark world

Dark-haired

For both

In a dark world

Dark-haired

For both

How to forget love

Impossible to forget

The love that you gave me

In a dark world

Dark-haired

For both

In my memory

There will always be a light

A hope

Open

In a dark world

Dark-haired

For both

For you friend for you

My friends

It seems that I forgot you

But it's a mistake

Because I remember you

In a dark world

Dark-haired

For both

and this song

It's so you know

That I like

May you pass through my life

In a dark world

Dark-haired

For both
